### **INSIDE INFORMATION PROFIT WARNING**

This announcement is made by MedSci Healthcare Holdings Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09(2)(a) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”) and the Inside Information Provisions (as defined under the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board (the “**Board**”) of directors (the “**Directors**”) of the Company wishes to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that, based on its preliminary assessment of the Group’s unaudited consolidated management accounts for the six months ended 30 June 2024 (the “**Reporting Period**”) and information currently available to the Board, it is expected that the net profit for the Reporting Period would be decreased to not more than RMB500,000 as compared with that of RMB11.9 million for the six months ended 30 June 2023 (the “**Corresponding Period**”) primarily due to (i) a decrease in revenue of the Group during the Reporting Period as compared to that of the Corresponding Period arising from a temporary delay in revenue recognition of projects in precision omni-channel marketing solutions and real-word clinical study solutions due to postponement in execution of projects; (ii) the absence of fair value gains on convertible redeemable preferred shares which amounted to approximately RMB12.8 million for the Corresponding Period; and (iii) the increase in administrative expenses caused by the grant of share awards pursuant to the share award scheme of the Company. Notwithstanding the above, the Company is expected to remain profitable, and the gross profit margin for the Reporting Period is expected to be higher than that of the Corresponding Period. The Company is confident in its strategic direction and remains committed to optimising its operations and driving long-term value for the Shareholders.

As the results for the Reporting Period have not been finalized, the information contained in this announcement is only a preliminary assessment by the Board based on information currently available including the unaudited consolidated management accounts of the Group for the Reporting Period, which have not been confirmed, reviewed or audited by the auditor of the Company. Such financial information will be subject to finalisation and necessary adjustments. The details of the interim results of the Group for the Reporting Period will be disclosed in the interim results announcement of the Company, which is expected to be published by the end of August 2024.

**Shareholders and potential investors should exercise caution when dealing in the shares of the Company.**
